

## Omelet in a Bag

- Write name of each guest on a quart size freezer ziploc bag with permanent marker.
- Crack 2 eggs into each bag (not more!), and shake to combine them.
- Put out a variety of ingredients such as grated cheese, ham, sausage, onion, green pepper, mushrooms, etc.
- Have each guest add prepared ingredients of choice to their bag and shake to mix thoroughly.
- Express all air out of each bag and zip up.
- Place each bag in rolling boiling water exactly 13 minutes. DO NOT CUT THE TIME SHORT!!! A large pan will usually take 6–8 bags.
- Open bags and omelet will roll out easily!
